Insurance Pre-Certification Coordinator

Description

POSITION SUMMARY:

The Precertification Specialist is responsible for obtaining prior authorizations for all procedural orders by successfully completing the authorization process with all commercial payers.

ESSENTIAL POSITION FUNCTIONS:

- Receives the necessary insurance and surgery scheduling information from the surgery coordinators for patients scheduled for surgery. Includes information from all insurance plans except Coventry and CMO's.
- Places a call to the insurance company customer service office to pre-certify CPT codes along with an ICD9 code requested by the physician for surgical procedures.
- Checks insurance eligibility and benefits on patients scheduled for surgery.
- Informs the surgery coordinator if there is a change in insurance coverage or benefits and obtains new information from the insured so that it can be entered into our system.
- Opens a case number for insurances requiring a pre-cert, or patient eligibility and benefits are verified for. This will allow the reimbursement department to bill the surgery codes.
- Precertifies all diagnostic tests such as MRI's CT scans, Sleep Studies, pH Probes, Airway Fluoroscopies, etc.

SUPERVISORY DUTIES:

- None

POSITION REQUIREMENTS:

- High school education or G.E.D. equivalent
- At least one year of experience in a surgical medical practice is preferred
- Working knowledge of CPT and ICD9 coding
- Possesses the knowledge and experience to understand insurance terms and requirements for precertification
- Understands medical terminology, types of diagnostic tests, and surgical procedures
- Strong oral and written communication skills
